completion of field training at Letzling Moath. 25X1A (2

the material belongs to components of the 7th Cas Tank Div, which probably returned to their home stations upon completion of the field exercises in the Wolmirstedt-Tangerhuette-Durg area. Another source, in a report of 29 October from Burg, reported the loading of a train with troops of the 7th Gds Tank Div and the waiting for entrainment of further components of this division.

(3)Other information also indicates that large-scale final maneuvers were conducted in the areas of Wolmirstudt-Rangerhuette-Burg and Hathenow-Stendal-Jorichow

rather than at Letzling Meath proper.
